Dear Members,

The BHS has had a wonderful summer! But before reviewing all that we have been able to accomplish, let me first announce a wonderfully unique program that is coming up soon, on August 10, 6:30 pm, at Belgrade's Community Center for All Seasons, just off Route 27, on Civic Center Drive.

On Wednesday, August 10, 2022, BHS is honored to be able to host a special presentation by Laurie Labar, Chief Curator of Historical and Decorative Arts, The Maine State Museum, Augusta. Her topic will be the quilts that Maine women made during the nineteenth and early twentieth centuries.

We will have on display during this presentation a unique friendship quilt that belonged to Naurine *Kelly* Lord. It was pieced together with signed quilt squares by Belgrade women in the 1870s and the 1930s.
